## out-of-the-box

# 1: let it flow

EnvyHair's advanced stylability and LYNSEY's Lace Front design allows you to wear its flowing layers down or off your face (with no one ever knowing you're wearing a wig).

# 2: tempting twists

This flirty look starts with your part's placement—and ENVY's hand-tied Mono Top construction lets you put it almost anywhere you choose.

**STEP 1:** Secure wig with 2" T-pins.

**STEP 2:** Establish part ON THE LEFT SIDE of the style.

**STEP 3:** Using a 1 ¼" curling iron set to **285°F (140° C)**, curl 1 ½" vertical sections away from part.

**STEP 4:** Clip each section on the bend, leaving ends to cool completely.

**STEP 5:** Repeat steps 3 and 4 until all hair is curled.

**STEP 6:** Use **ENVY's Wide-tooth Comb** to comb style into place.

# 3: bouncy bob

Steam is great for setting (or REsetting) EnvyHair™ fibers. The secret is to distribute it evenly without saturating hair.

**STEP 1:** Using **LARGE TEAL PERM RODS**, wrap top center section directed back, placing rods **HORIZONTALLY** from front to crown.

**STEP 2:** Continue wrapping rest of hair with Large Perm Rods **IN A BRICK-LAY FORMATION**.

**STEP 3:** Using A **HAND-HELD STEAMER**, apply steam evenly to entire set.

**STEP 4:** **ALLOW 24 HOURS** to completely dry and cool.

**STEP 5:** Remove perm rods and use **ENVY'S Wide-tooth Comb** to shape desired style.
