**100% YOU.™**

# 1: out-of-the-box sleek chic

ABBEY features an ultra-soft, chiffon-lined cap and Mono Top construction. This is a style that truly lets you heat-style any way you choose

# 2: beach combed

EnvyHair's fiber memory locks in as it cools to hold its style longer—whether it's air- or blow-dried (using medium heat and the Cool Shot button).

**STEP 1:** Secure wig with 2" T-pins.

**STEP 2:** Place 5 small hot rollers horizontally front to back in the top center section.

**STEP 3:** Place 5 medium hot rollers vertically directed back on each side.

**STEP 4:** Place 2 large hot rollers vertically directed back on each side.

**STEP 5:** Place 3 large hot rollers horizontally in the nape area directed down.

**STEP 6:** Spray with **ENVY Freeze Frame Hairspray** to set the style.

# 3: flirty waves

More durable than 100% human hair, ABBEY's heat-friendly EnvyHair™ blend cuts styling time in half—and can go curly, wavy, and back to straight again.

**STEP 1:** Set a ½" curling iron to **285°F (140° C)** (and no higher).

**STEP 2:** Curl ½" x ½" sections away from the part and face.

**STEP 3:** Clip each section on the bend (leaving ends out) to cool completely.

**STEP 4:** When the wig is fully curled, allow to cool completely.

**STEP 5:** Remove clips and lightly shake upside down for an airy finish.

**STEP 6:** Set the curl with **ENVY Freeze Frame Hairspray**.
