step-by-step how-tos at
envywigs.com/product-education
(or watch the video at
envywigs.com)

1: out-of-the-box flirty & fun

KYLIE features a flattering, face-framing cut and a Lace Front Mono Top construction that lets you heat-style any way you choose.

2: fab flip

EnvyHair's fiber memory locks in as it cools to hold its style longer—whether it's air- or blow-dried (using medium heat and the Cool Shot button).

STEP 1: Secure wig with 2" T-pins.

STEP 2: Use large clips to SECURE UPPER SECTION up and out of the way.

STEP 3: With smoothing iron set to **285°F (140° C)**, IRON ½"-1" SECTIONS, flipping up ends throughout bottom half.

STEP 4: Allow each section to COOL COMPLETELY.

STEP 5: Unclip top half and IRON ½"-1" SECTIONS, UP/AWAY FROM PART, directing downward.

STEP 6: Allow each section to COOL COMPLETELY.

STEP 7: Work a small amount of **ENVY Beauty Balm Sculpting Crème** all over to create texture and hold.

3: smooth operator

More durable than 100% human hair, KYLIE's heat-friendly EnvyHair™ blend cuts styling time in half—and can go curly, wavy, and back to straight again.

STEP 1: Use large clips to SECURE UPPER SECTION up and out of the way.

STEP 2: Using a ¾" curling iron SET TO **285°F (140° C)** on LOWER SECTION, CURL 1"x 1" SECTIONS down and away from face.

STEP 3: Use a ¾" barrel iron set to **285°F (140° C)** on top section CURLING 1½" sections away from the part and face.

STEP 4: Allow sections to COOL IN THE DESIRED POSITION to hold style. For a stronger pattern, clip when cooling.

STEP 5: Use **ENVY's Wide-tooth Comb** to comb style into place.

STEP 6: Finish with **ENVY Freeze Frame Hairspray**.
